AN EXCITING COMBINATION OF ACADEMIC
OUTDOOR, AND CULTURAL ACTIVITIES

Language – English or German

Summer Camp participants will attend 3 hours of classes per day for a total of 15 hours of instruction per week of focused language tuition in either English or German.

Learning is designed and delivered at each student's particular level and within a fun and active classroom environment. Learning a new language will open a window into intercultural understanding and help develop critical thinking skills. Students will also have the opportunity to apply their learned language to real world situations. This is a truly fun way to explore language learning and Austria at the same time.

The language lessons will be delivered by highly skilled instructors, with an emphasis on communication and conversational skills. Thereby we offer English and German lessons from beginner (A1 and A2 level) to intermediate (B1 and B2 level). The courses will be concluded with an official language certificate.

Outdoor Activities

Our backyard is one of the most beautiful natural sports arenas in the world! Students will have the opportunity to explore the water sports, mountain sports, and rock sports in the Salzkammergut region.

Amongst the opportunities available are hiking across the mountains, rock climbing with spectacular views, canoeing and kayaking, mountain biking, swimming both at water parks and in the lake, and overnight camping at the foot of the Alps.

Cultural Activities

St. Gilgen has a rich cultural heritage. Mozart's mother and sister both lived here; Gustav Klimt painted in the Attersee region; and Marie von Ebner-Eschenbach had her summer residence in St. Gilgen and wrote extensively here. The cultural activities focus on touring the region to become fully immersed in the history and surroundings.

Salzburg is just a short trip away, as are attractions such as the salt mines and ice caves of the Dachstein.

Boarding and Pastoral Care

A HOME FROM HOME

Every Summer Camp student is allocated to a boarding house. Houseparents and other boarding staff oversee the pastoral needs of the children in their care.

Our charming student accommodation

St. Gilgen International School has three lovely boarding houses, which are former village hotels, each near the centre of the village. Our boarding houses are for all ages, thereby creating a family atmosphere and a genuine home from home. All student bedrooms are en-suite equipped.

Boys and girls live on separate floors in the boarding house and each child shares a room with one other child of the same gender.

Health and nutrition

Summer Camp students enjoy a range of healthy menu options in our unique catering environment using excellent local restaurants. We serve Austrian cuisine as well as a range of international dishes, and all our meals are made from fresh local ingredients. Salads, vegetables and fruit are freely available and vegetarian and other special diets can be catered for on request.

All our staff welcome contact with parents by email or telephone to ensure the children in their care are happy and fulfilled.

The school doctor is based in the village should there be any problems.

FAQ

FREQUENTLY ASKED QUESTIONS

"WE WELCOME ALL LEVELS OF ABILITY,
FROM BEGINNER TO BILINGUAL."

1. Where will my child sleep?

In our boarding houses. Houseparents live in the same accommodation and are on hand 24 hours a day. Boys and girls reside on separate floors of the boarding house.

2. Is there a laundry service?

Students have full access to washing machines and staff are available to assist.

3. What should my child bring?

A few weeks before the start of the camp, and once full payment has been received you will receive an email containing joining instructions from the Camp Coordinator. This will contain a packing list, pocket money guidance and suggestions of what your child should and should not bring, as well as any other information you may need to know.

4. What happens outside class?

Children benefit from fully structured days, from the moment they wake up to the moment the lights are turned off at night. Our

experience has shown us that campers and their parents prefer a structured schedule for the day. Within this, some free time is built in to each day, so that those who wish to can spend some quiet time, email home or catch up on the day's events with friends.

5. How can I communicate with my child?

Email and Skype are both easy ways of keeping in touch with your child while he/she is at Summer Camp. You will also have an emergency contact number for the Summer Camp boarding team. We try to make sure that all children contact their parents upon arrival, and that they have available time between 21:00- 21:30 every day to contact home.

6. What is the camp's mobile phone and electronics policy?

Whilst we do not mind campers bringing their mobile phones with them to the camp as a means to contact family back home,

we have a strict usage policy as we believe that the campers should spend their time in the outdoors and integrating with those around them on the camp. Therefore, phones are collected in every evening at 21:30 and then returned the following day after their afternoon activities at approximately 17:30.

7. How will my child get to St. Gilgen?

You can make your own arrangements to get to the St. Gilgen International School Summer Camp, or we can arrange to meet your child at Salzburg airport or train station. Staff will be easily identifiable and this information will be included in the joining instructions. Staff collecting younger students travelling as unaccompanied minors may require a formal letter informing airport staff that they have permission to collect the student. Please check this with your airline and inform us accordingly.

8. Will my child require a visa?

The responsibility for all visa arrangements (where required) rests solely with the parents of the child. We will provide supporting visa paperwork where necessary.

9. Are all the activities safe?

We have qualified and professional instructors and teachers for all activities who are local and familiar with the area. Details of risk assessments for activities can be shared with parents upon request.
